### PRACTICE RECORDS

---

Instructor in EIBI programs (2006-2010): private practice

*Behavioral Consultant, Private Practice (2008 to present):*

- Clinically supervises behavior intervention programs for students with moderate to severe autism from 2 to 31 years. Duties include: assessment of new clients, development of teaching curriculum for skill acquisition, data review, writing reports, leading meetings with parents and other professionals, supervision of senior therapists, and making clinical recommendations regarding client placement.
- Clinical consultant for schools (nursery to secondary) in Italy and Centers (Netherlands). Duties include supervising EIBI programs, staff training, assisting teachers with curriculum modification and individualized education program development, participating in IEP meetings, conducting functional assessments and developing behavior intervention plans.

Supervisor of independent fieldwork for individuals working toward behavior analysis certification (2010 to present) and Registered Behavioral Technicians (2015 to present)

Project manager and clinical supervisor in the Summer School Project (since 2010) and Baby Summer School Project (2022-2023) Pane e Cioccolata ETS.

ACE provider Coordinator for Pane e Cioccolata since 2013, responsible for the organisation of all the trainings and workshops.

#### TEACHING EXPERIENCE, CLINICAL INTERESTS AND PEER REVIEWED PUBLICATIONS

---

My principal interest in applied behavior analysis lies in its application to the teaching of adaptive and communication skills to clinical populations. I have developed skills and knowledge in very early and proactive intervention, mainly supporting parents of children diagnosed with ASD and their young siblings. I also enjoy dissemination, academic teaching and staff training, providing lectures to professional and generalistic audiences:

- Teaching at seminars and lecturing for School districts, Associations, Parent Groups. Areas of interest: ASD, proactive and early intervention, parent-mediated intervention, NDBI, social skills training, evidence-based practice (2008-present)
- Registered Behavioral Technicians Training Coordinator for Pane e Cioccolata ETS (2015-2022). Currently responsible all the trainings under IBAO credentialing systems.
- Academic and Masters' level teaching:
  - *Ethical and Professional Conduct in Behavior Analysis*: 15 to 45 hrs teaching modules in BACB Approved course sequences for the University of Salerno-UNISA (2013-2020), the Research Institute-IRFID of Naples (2013-2022) , the Association for the Avancement of Radical Behavior Analysis-AARBA (current)
  - *ABA and VB applied to intervention and curriculum development for children diagnosed with ASD in mainstream school settings*: 8 to 16 hrs teaching modules for the University of Modena and Reggio-UNIMORE (2011-present).
  - *Evaluation and evidence based interventions*: 16 to 8 hrs teaching modules for Consorzio Universitario Humanitas, Rome (2022-present)
  - *Ethics, Basic Principles, Proactive interventions* among others teaching modules for Behavioural Momentum India (2023-present) in QABA approved master's level courses
- Peer-reviewed publications:
  - Mari, M. Clò, E. & degli Espinosa, F. (2015) *Analisi del Comportamento Applicata e Disturbi dello Spettro Autistico- riflessioni e linee di indirizzo*. Autismo e Disturbi del Neurosviluppo.
  - Elena Clò & Katerina Dounavi (2020): A systematic review of behaviour analytic processes and procedures for conditioning reinforcers among individuals with autism, developmental or intellectual disability, *European Journal of Behavior Analysis*.
  - Alessia Veltri & Elena Clò (2021): *Insegnamento di abilità sociali a studenti con Disturbo dello Spettro Autistico attraverso la Teaching Interaction Procedure (TIP) in contesto di piccolo gruppo*, *Giornale italiano dei Disturbi del Neurosviluppo*.
  - Alessia Veltri & Elena Clò (2023): *Insegnamento di abilità e competenze socio-emotive a studenti con disturbo dello spettro autistico attraverso un modello*

- integrato con la Teaching Interaction Procedure (TIP) in contesto di piccolo gruppo, *Giornale italiano dei Disturbi del Neurosviluppo*
- Cinzia Pelissa, Alessia Veltri & Elena Clò (2024): Teaching Interaction Procedure and Video Based Group Instruction nell'insegnamento di abilità sociali ad adolescenti con diagnosi di autismo, *Autismo e Disturbi del Neurosviluppo*.
  - Alessia Veltri & Elena Clò (2024): Studio preliminare della validità sociale e dell'assenso dei partecipanti in un piccolo gruppo di abilità sociali per bambini con diagnosi di disturbi dello spettro autistico, *Autismo e Disturbi del Neurosviluppo*.
